Job Description

Role: Wood Machining Trainer
Location: South East
Employment Type: Full-time

Didac is seeking a skilled and experienced Wood Machinist to join our specialist training team, supporting the growing demand for apprenticeship and short-course training.

This is an excellent opportunity to make a positive impact on others' careers and lives by sharing your knowledge and skills. With our comprehensive teacher training and induction support package, we welcome applications from candidates new to training, as well as those with prior training experience.

This role offers the chance to join a well-established national training provider with over 25 years' experience, and to be part of a supportive and growing team.

Package: Competitive Salary, Laptop, Mobile Phone, Life Assurance, Pension and 25 days Annual Leave, Company Car or Mileage Allowance.

Duties:

- Deliver high-quality, engaging training sessions in the trainees' workplace and from time to time at our training Academy in Bristol.
- Assess trainees' performance and progress and provide constructive feedback and guidance to help them improve and develop their skills.
- Maintain records and evidence of trainee performance and progression.
- Build positive working relationships with trainees and their employers.
- Participate in continuous professional development to stay up to date with industry trends and developments.

Requirments:

- Proven experience as a Wood Machinist
- A recognised qualification in Wood Machining or a related discipline.
- Strong knowledge of wood machining techniques, safety procedures, and industry standards.
- Excellent interpersonal, communication, and presentation skills.
- Ability to work well in a team and to meet deadlines.
- Patience, empathy, and a positive attitude towards training and development.
- Additionally, applicants with experience in CNC router operation and programming would be
  desirable, but it is not a key criterion.
- Willingness to travel in the UK, requiring overnight stays as necessary.

Personal Skills:

- Organisational skills are a must, as well as the ability to plan your time effectively.
- Confident and professional with the ability to inspire and motivate people.
- Quality-driven and prepared to go the extra mile for your candidates.

Upon appointment, you will be fully DBS-checked and receive comprehensive training during the company induction process.
